

InfoSoup to go!

InfoSoup is now available on your smartphone

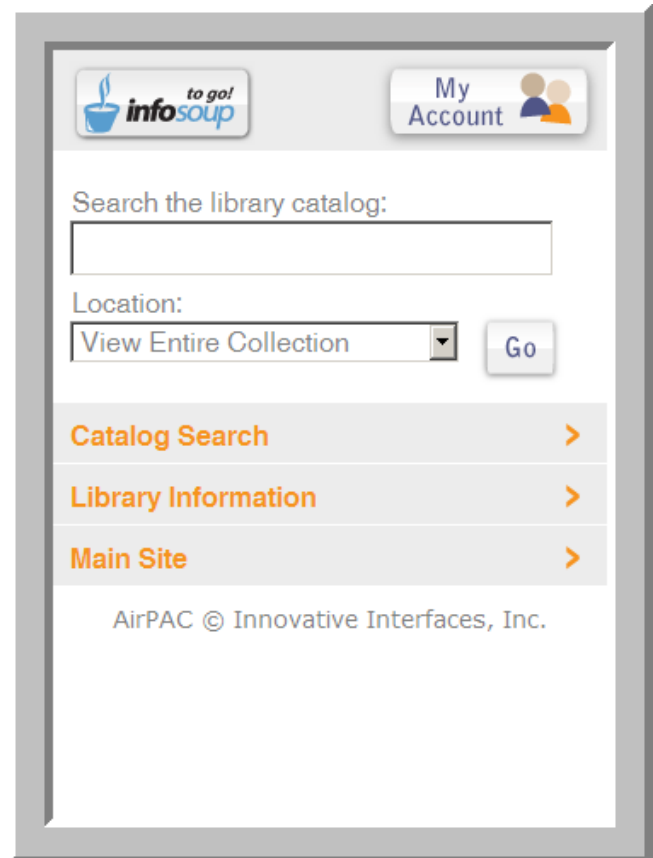

You can now search InfoSoup using a format perfect for your Internet-enabled smartphone or mobile device.

InfoSoup to go! is optimized for the iPhone and iPod touch but also works on BlackBerries, Androids and other Internet-enabled devices.

Find *InfoSoup to go!* at m.infosoup.org

Many devices will re-direct you to the *InfoSoup to go!* site automatically. However, you can also go directly to the mobile site at <http://m.infosoup.org>

***InfoSoup to go!* is just like InfoSoup, only more portable**

Search your library's catalog, place holds and renew items, all in a smartphone-friendly format. And, when you're looking for more – like databases, book lists, or local history, just click on the link to the main InfoSoup site.
