Re: 2006 Wisconsin Public Library Annual Report

Attachments:

1. Data for 2006 Wisconsin Public Library Annual Report: Section II. Library Collection (5 pages)
2. Data for 2006 Wisconsin Public Library Annual Report: Section III. Library Services (2 pages)
3. Public Library Loans of Material to Nonresidents (1 page)

Comments: Attached please find information for answering Sections II, III and XI of the 2006 Wisconsin Public Library Annual Report.

- The two reports for Sections II and III list the data for all OWLSnet libraries. Not all answers for these sections are supplied by the system – those questions which should be answered by your library are indicated.
- The report for Section XI lists only the data for your library.

If you have questions about the numbers for Sections II or III, please contact Gerri Moeller at the OWLS office. If you have questions about the numbers for Section XI, please contact Rick Krumwiede at the OWLS office.

Please note: If you have been adding up the circulation figures posted each month – the numbers will not match the total circulation figures listed for Section II, Question 1c. The methodology for computing renewals has changed since the beginning of the year, and we are now removing the numbers for ineligible checkouts (circs to internal or ILL cards.) Both of these have changed the total figures. While the new methodology was applied to circulation numbers for the entire year, we did not repost past months with the data from the new methodology.
