1. Data for 2008 Wisconsin Public Library Annual Report: Section II. Library Collection (3 pages)
2. Data for 2008 Wisconsin Public Library Annual Report: Section III. Library Services (1 page)
3. Public Library Loans of Material to Nonresidents (4 pages)

Comments: Attached please find information for answering Sections II, III and XI of the 2008 Wisconsin Public Library Annual Report.

- The two reports for Sections II and III list the data for all OWLSnet libraries. Not all answers for these sections are supplied by the system – those questions which should be answered by your library are indicated.
- The report for Section XI lists only the data for your library.

Please note: The numbers for books and serial volumes added are significantly higher than last year's numbers (2007.) In looking at the data in detail, it appears that the number of serial issues added in 2007 was under-counted in last year's report. This year's figures are correct.

If you have questions about the numbers for Sections II or III, please contact Gerri Moeller at the OWLS office. If you have questions about the numbers for Section XI, please contact Rick Krumwiede at the OWLS office.
