## OWLSnet Resources

Publisher/Database Name	Count
Learning Express - <i>vendor statistics provide only</i> total site visits	1578
Mango Languages - <i>vendor statistics limited to sessions (shown here) and languages accessed. Resource added in March 2009</i>	1929
Tumblebooks - <i>vendor statistics limited to full books viewed. Because Tumblebooks does not require authentication, it is very likely that the usage includes non-OWLSnet library patrons.</i>	195,243

Ancestry Library Edition		
<i>Because Ancestry is in-library use only, vendor stats are by IP address, one for OWLSnet Libraries and one for APL.</i>		
	Sessions	Searches
OWLSnet (excluding Appleton)	3410	63647
Appleton only	1270	35479

GALE			
<i>Statistics from Gale include all in-library and remote users. Because Appleton has a unique IP address and separate contracts with Gale for additional resources they can get separate statistics. Appleton statistics include users in the Appleton Library or users that get to Gale resources via the Appleton Public Library web site. Any user accessing Gale resources via InfoSoup (including Appleton patrons) will be counted as an OWLSnet user.</i>
