Re: 2009 Wisconsin Public Library Annual Report

Attachments:

1. Data for 2009 Wisconsin Public Library Annual Report: Section II. Library Collection (3 pages)
2. Data for 2009 Wisconsin Public Library Annual Report: Section III. Library Services (1 page)
3. Library Circulation Statistics, including Data for 2009 Wisconsin Public Library Annual Report, Section XI, Public Library Loans of Material to Nonresidents (3 pages)

Comments: Attached please find information for answering Sections II, III and XI of the 2009 Wisconsin Public Library Annual Report.

- The two reports for Sections II and III list the data for all OWLSnet libraries. Not all answers for these sections are supplied by the system – those questions which should be answered by your library are indicated.
- The report for Section XI lists only the data for your library.

Note: Regarding Section III, Question 6: Number of users of Public Internet Computers. Because we do not have a full year's worth of data for most libraries, we will not be providing that information this year. However, you may feel free to answer this question by using the SAM data posted on the OWLSnet Statistics page at <http://www.owlsnet.info/stats/>. (Many libraries will need to estimate if they use the SAM data, as it doesn't include the full year.)

If you have questions about any of the numbers provided, please contact Gerri Moeller at the OWLS office.
